PROJECTS

Pi-hole Network-Wide Ad Blocker

May 2025

- Deployed Pi-hole on a Linux-based home network to block DNS-level ad traffic across connected devices.
- Utilized the built-in Pi-hole web interface to monitor network traffic and manage DNS requests via a local IP portal.

Active Directory Security Monitoring Environment

June 2025

- Built a virtualized Windows Server 2019 environment with Active Directory, DNS, and file sharing for domain management.
- Applied Group Policy audit settings to track logon events, and privilege use across domain-joined Windows clients.

SKILLS & CERTIFICATIONS

Skills: Linux CLI, Active Directory, Vulnerability Management, Incident Response, Threat Intelligence, Network Security

Certifications: CompTIA Security+ (2E94LXSSXJRE1472)

LEADERSHIP & ACTIVITIES

Pi Kappa Phi Fraternity
Risk Management Chair

Pittsburgh, PA
January 2025 – January 2026

- Oversee risk and safety protocols for 2 weekly events with 400+ attendees.
- Act as liaison with campus police to ensure event registration, policy compliance, and security coordination.
- Implement rules and logging systems to track incidents and enforce safety standards.

WORK EXPERIENCE

Dicks Sporting Goods
Cybersecurity Intern

Pittsburgh, PA
May 2026 – August 2026

- Assessed 2,000 external AI platforms, file-sharing tools, and browser extensions for data exposure risk.
- Built dashboards tracking AI adoption, and Shadow IT company wide.
- Identified 80 previously untracked applications and mapped each to a risk tier.
- Presented my findings to cybersecurity leadership with governance and monitoring frameworks in place for future research.

TOPP Business Solutions
IT Systems Intern

Scranton, PA
June 2025 – August 2025

- Assist IT Help Desk in resolving 15+ weekly user issues related to hardware, software, and network security.
- Provide on-site assistance for unresolved issues, including 10+ system installations and repairs per month.
- Configure, install, and maintain 200+ end-user devices, ensuring security control compliance and vulnerability management.
